OUR COMMITMENT TO QUALITY

Quality is one of UHY's main values and, as it is so very important to us, we strive to achieve this in everything we do. Each of our independent member firms has signed a Quality Charter committing to the adoption and achievement of performance and service objectives considered as essential to deliver this quality promise to clients.

The expectations we have of our member firms are benchmarked to recognised international professional standards. We set specific quality goals and expectations for our independent member firms to meet, covering areas such as client service efficiency and relationship management, professional work standards, depth and breadth of products, services and geographical coverage. Collectively, they represent our aim to provide clients with consistent, seamless, professional and timely cross-border services.

Our member firms are evaluated annually against UHY's quality expectations, allowing us to assess our performance and outcomes, and look for new ways to improve further.

We focus on quality through:

- Leadership
- Compliance with ethical obligations set out by the International Federation of Accountants in its global standard, Code of Ethics for Professional Accountants
- Member of the Forum of Firms (see below)
- Client acceptance procedures
- Human resources policies and procedures, such as education and training
- And, of course, quality control procedures in accordance with internationally-recognised standards.

It is our belief in quality as a value and the successful implementation of that value across all our service areas that make our network even more dedicated to quality than other networks.

The UHY network is a member of the Forum of Firms, an association of international networks of accounting firms. The Forum's goal is to promote consistent and high quality standards of cross-border financial reporting and auditing practices worldwide, and the adoption of international auditing standards. Please visit www.ifac.org for more information.
